

# INVITATION

## WORKSHOP FOR DRYCLEANING OPERATORS AND STAFF

This Information session will present two important issues facing all drycleaners today

1. **Waste Management – presented by the EPA.** How to manage drycleaning waste, where is the issue of waste heading and what is expected of the drycleaners and their suppliers in removing and managing waste. What are the regulations and how to best deal with this issue. EPA's role, relationship with the DIA and position as an Industry Group.
2. **The Fair Work Act 2009( effective July 09) presented by VECCI**  
Attendees will obtain an understanding of the Fair Work Act which has implications in all workplaces and for all operators and staff . The presentation has been tailored to small business and ample time has been allowed for questions and answers.
